- Higher Secondary Education – Sanskar Public School, Gwalior, M.P.

Percentage- 90.8%

- Secondary Education – Delhi Public School, Gwalior, M.P.

Percentage- 93.67%

PROJECTS

- Company Domain Finder**

This Python script allows users to input a **company name and address** to find the company's website domain. Instead of requiring a URL, the script intelligently searches for the official website based on the provided information, streamlining the process of locating company websites.

- E-Commerce Price Tracker**

This web scraping tool is designed to collect and analyze real-time pricing data from various e-commerce websites. By continuously monitoring competitor prices, users can gain valuable insights into market trends and pricing strategies. This tool is ideal for businesses looking to stay competitive by dynamically adjusting their pricing based on up-to-date market information.

SKILLS

- Programming languages** – C, C++, Python, HTML, CSS, Javascript
 - IDE's** – Visual Studio, PyCharm
 - Tools** – Git
 - Others** – Python frameworks, clean code, Data Structures and Algorithms, Web Development
